Sizes 2.5, 3.5, 4.5, 5.5 and 8 mm.  
Unbreakable and easy to sterilise.
- Lateral adjustments for lamp and magnifier ensuring  
**SHADOWLESS VIEW OF THE ENTIRE TYMPANIC MEMBRANE**  
thus encouraging accurate diagnosis and facilitating precise surgical manipulation.
- Ample space for insertion of surgical instruments.
- Screw clamp for rapid and positive location of specula.
- Lightweight, robust and well balanced.

## **DIAGNOSTIC SET No. 2**

- **KEELER OTOSCOPE HEAD**  
A superb new design with many significant improvements.
- **FIXED WIDE-ANGLE OPHTHALMOSCOPE HEAD**  
Patented reflector to ensure excellent, glare-free vision of the fundus.  
Pre-centred, compact filament lamps giving maximum light and minimum corneal reflex.  
± 20D range of viewing lenses.
- **KEELER BATTERY HANDLE**  
Rheostat for sensitive brightness control.  
Push-in-base for rapid replacement of batteries.  
Keeler bayonet fitting for easy and rapid interchange of heads.

**THE STURDY PRECISION-BUILT COMPONENTS OF  
KEELER DIAGNOSTIC SETS COMBINE DISTINCTIVE  
APPEARANCE WITH EXCELLENT PERFORMANCE**

## **New Head Band Trial Frame**

Primarily designed as a Child's Trial Frame after consultations with Ophthalmic and Medical Specialists, the new Keeler Head-band Trial Frame is equally suitable for use with adults. ¶Double Universal jointing enables lenses to be mounted in any desired plane or at any distance from the cornea. ¶It is an economic and indispensable apparatus devised to meet a long-felt need.

# Character...

## *in your dress...*

No other single factor expresses quite so fully or more quickly one's personality or gives an immediate clue to one's character than carefully laundered wearing apparel.

It is well to remember that it is little items like perfectly laundered shirts, collars, and cuffs that stamp at once a person's individuality and makes a lasting and favourable impression.

*Be certain of Perfection in finish  
at all times by entrusting your  
laundering to*
